Game Room  
Coffee Shop  
Food Pantry  
Haircuts

Building  
Communities  
of Recovery

### BUILDING COMMUNITIES OF RECOVERY

"The Zone" is an extension of the Davis Direction Foundation's non-profit corporation, that is led and governed by people in recovery, family members, friends and allies. It is a Recovery Community Organization (RCO) that mobilizes resources within and outside of the recovery community to make it possible for the recovery population to find long-term recovery. Each organization has a mission that reflects the particular issues and concerns of its community. All RCO's share three core principles – recovery vision; authenticity of voice; and accountability to the recovery community. The ZONE, its leaders, and members have a singular goal: enhancing the quantity and quality of support available to people seeking and experiencing long-term recovery from addiction. The focus is on the "solution" not a particular service or model of care. We meet people where they are and support all pathways to recovery. We are a member of the Association of Recovery Community Organizations (ARCO) and working toward National Certification.

# HEROIN IS KILLING OUR CHILDREN

# RECOVERY IS SAVING OUR CHILDREN

## Know The Facts

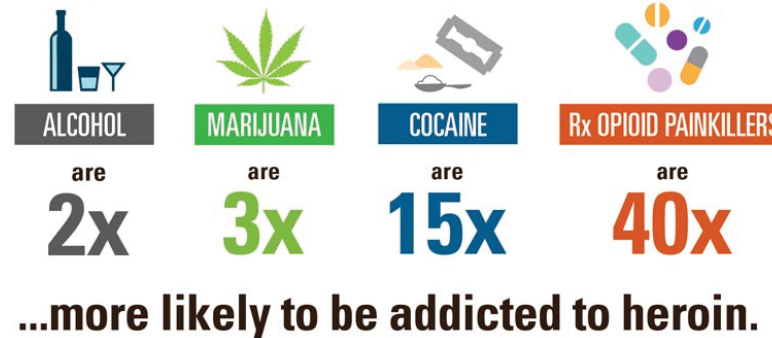

**OPIOID** Opioids are a type of narcotic pain medication. They can become highly addictive.

- codeine (only available in generic form)
- fentanyl (Actiq, Duragesic, Fentora)
- hydrocodone (Hysingla ER, Zohydro ER)
- hydrocodone/acetaminophen (Lorcet, Lortab, Norco, Vicodin)
- hydromorphone (Dilaudid, Exalgo)
- meperidine (Demerol)
- methadone (Dolophine, Methadose)
- morphine (Astramorph, Avinza, Kadian, MS Contin, Ora-Morph SR)
- oxycodone (OxyContin, Oxecta, Roxicodone)
- oxycodone and acetaminophen (Percocet, Endocet, Roxicet)
- oxycodone and naloxone (Targiniq ER)

**HEROIN** Heroin is a strong addictive narcotic that is more potent than morphine and that is prohibited for medical use in the United States. It is used illicitly for its euphoric effects and is a cheap, easily available alternative for opioids.

**RECOVERY**  
IS SAVING OUR CHILDREN

## People who are addicted to...

## Fight Addiction, Fuel Recovery

Since the Grand Opening of The Zone on September 29th, 2016, we welcome on average 2,000 visitors per month to our recovery center.

SUPPORT A SOLUTION.  
FUEL RECOVERY.

## Our Mission

The mission of the Davis Direction Foundation is to **Fight Addiction and Fuel Recovery**, while serving as the national model for Building Communities of Recovery.

In the United States, every 12 minutes a life is lost to opioid/heroin addiction making it the leading cause of accidental death in the United States. The relapse rate for opioid/heroin addiction is astronomical and a person coming out of a 28 day Rehab facility is 32x more likely to overdose and die within the first 4 months of leaving the facility than if they had never been admitted.

## There are 25+ million people in recovery in the U.S. #RecoveryIsReal

To make a difference for those suffering with the disease of opioid/heroin addiction, the foundation addresses 5 areas.

**AWARENESS**

**EDUCATION**

**RECOVERY**

**PREVENTION**

**HARM REDUCTION**
